

# Babylon the Great

Thomas C. Trinka

January 17, 2015

Last week Mark Rusinko sang a song he had written called “Come Out of Babylon My People” And it just so happens that is the subject I want to expand on today.

So to begin, please turn with me to Rev. 18.1 After these things I saw another angel coming down from heaven, having great authority, and the earth was illuminated with his glory.

2 And he cried mightily with a loud voice, saying, “Babylon the great is fallen, is fallen, and has become a dwelling place of demons, a prison for every foul spirit, and a cage for every unclean and hated bird!

Friends today, I’d like to discuss the subject of Babylon the Great. By posing the question, just what is Babylon the Great? The WWCG as I’m sure we are all well aware, taught that Babylon the Great would be an all powerful European superstate, that would rule the world.

The major COG organizations today, still hold this to be true. A 2012 Good News article entitled “The Coming of a New Babylon” sums up the topic as follows;

“Historically, the only world region that fits the description of the power foretold in Revelation 17 is Europe. No other region in history has provided the narrative for a combination of political, economic and religious power that impacts so much of the world. No other region today can come close to providing the elements of this prophecy. None.”

Brethren is this indeed the truth? Will a future, ten nation European confederacy be the fulfillment of Babylon the Great?

Or is Babylon the Great something else? Something even bigger than a future united Europe?

Furthermore, Is Babylon the Great evident today, or is it something that comes into being in the future?

There seems to be a lot of varying opinion, on just what is biblically described as Babylon the Great. So today I want to address what I feel is this important topic.

For the bible tells us that the entire world will get caught in a snare, just as in the days of Noah and Lot. And that we are to be on guard, to be watchful, to prepare both spiritually and otherwise, because the final form of Babylon the Great will suddenly appear.

So I believe it behooves us to understand just what Babylon the Great is and will become.

To this end, I am going to present the case, that Babylon the Great in it’s final form, is not merely a 10 nation European superstate, but rather a worldwide United Nations based system.

Let’s begin with a little commentary on verse 2, regarding the phrase “Babylon the great is fallen, is fallen” This translation in English seems to imply that Babylon the Great has fallen twice.

However commentaries generally agree that in the Greek this phrase is being emphatic by repetition, simply reinforcing the point that Babylon has fallen, having been destroyed or been brought low, rather than it being a second occurrence.

Also the phrase “has become” might better be rendered “became” a dwelling place, implying that this was the state of Babylon before it’s fall.

And also the following sentence “has become ... a prison for every foul spirit, and a cage for every unclean and hated bird” can use a little clarification as well.

The words prison and cage are the same Greek word, and although the Greek word literally means a prison, it is also used more broadly.

For instance the RSV uses the term haunt, implying habitation of every unclean and hated bird. Spiritually speaking, this might be referring to people that act like vultures, picking the bones clean of other human beings.

In other words, referring to the perilous times mentioned by the Apostle Paul in 2 Tim.3, stating that “men will be lovers of themselves, lovers of money... unloving, slanderers, without self-control, brutal or having a savage nature, despisers of good”

I want to suggest, that this is the state of the world in which we now live, in which society as a whole grows increasingly callous and cold.

I want to further put forth the suggestion, that we are currently immersed in a world system, which the bible describes as Babylon the Great.

A system in which those that run the world, like vultures are striving to accumulate all the wealth for themselves.

A world in which soon, there will be but 2 classes of people, lords and serfs. It is a return to a feudalistic system, in which the masses of humanity are reduced to becoming slaves. Verse 3, expresses this imagery.

3 For all the nations have drunk of the wine of the wrath of her fornication, the kings of the earth have committed fornication with her, and the merchants of the earth have become rich through the abundance of her luxury.”

The merchants and kings have become rich through this system. They are drink with the wealth and the power, that satan has given to them. In modern terms we might call this system fascism, the merger of corporate and political powers, to amass all the wealth at the very top.

This is clearly made evident in the modern notion of “to big to fail banks” in which laws are now in place in many nations, including the US, Canada, the UK and Australia to bail in the banks using the customers deposits, when a bank failure occurs.

So being that we now find ourselves immersed in such an evil system, God tells us in the following verse 4.

4 And I heard another voice from heaven saying, “Come out of her, my people, lest you share in her sins, and lest you receive of her plagues.

5 For her sins have reached to heaven, and God has remembered her iniquities.

Why might we ask, is understanding this subject matter of Babylon the Great important? Well in the verse we just read, God tells us to come out of Babylon. Thus we must understand just what we are to come out of.

Furthermore, if one thinks that Babylon the Great, will only emerge with the beginning of the Great Tribulation, then the concept of coming out of Babylon would be also thought of as a future endeavor, rather than something God's people should be actively pursuing now.

So where to begin? I'd like to begin by reading a line from the original movie called the Matrix, for I believe it aptly describes the world in which we live.

It is a scene near the beginning of the movie in which Morpheus describes the state of reality to Neo.

Morpheus: The Matrix is everywhere. It is all around us. Even now, in this very room. You can see it when you look out your window or when you turn on your television. You can feel it when you go to work...when you pay your taxes. It is the world that has been pulled over your eyes to blind you from the truth.

Neo asks, What truth?

Morpheus: That you are a slave, Neo. Like everyone else you were born into bondage. Into a prison that you cannot taste or see or touch. A prison for your mind.

Friends, when we pause and look at the big picture, we see that this is truly describing the state of the world, in which we live. Satan has blinded the minds of humanity, as God reveals to us in Rev.12. 9, by actively deceiving the enter world.

It's important to understand just how complete and pervasive this deception really is, as I just quoted from the movie the Matrix.

Let me suggest that the movie plot is in reality a euphemism for a worldwide system, which biblically is called Babylon the Great.

It is a system that is all encompassing, especially in the so called developed world.

Luke 4, gives us some further insight into the powers behind this worldwide system, that truly rule the world.

Luke 4.5 Then the devil, taking Him up on a high mountain, showed Him all the kingdoms of the world in a moment of time.

6 And the devil said to Him, "All this authority I will give You, and their glory; for this has been delivered to me, and I give it to whomever I wish.

7 Therefore, if You will worship before me, all will be Yours."

Friends, what is important to understand, is that there are a small number to people that actually control the world. And they control the world through the global financial system, and there wealth, power and global influence is given to them, by satan, as we just read in Luke 4.

The reason why the world is growing increasingly evil, is because these people that have now pretty much gained full control over much of the world, actually worship satan directly.

We get a clear overview of this system and its ruling structure from [Carroll Quigley](#), who was a professor of history at Georgetown University from 1941 to 1976. He also taught at Princeton and at Harvard, and lectured at the Brookings Institution. He was a frequent lecturer at the U.S. Naval Weapons Laboratory, the Foreign Service Institute, and the Naval College at Norfolk, Virginia.

As an historian, and also an insider, Prof. Quigley was given access to the records of the elite banking cartel, regarding their plans to establish a world government system.

Prof. Quigley, was not against such an idea, on the contrary, he thought the information should be public knowledge. Thus he wrote and published a detailed 900 plus page book about the history of money and banking, entitled [Tragedy and Hope: A History of the World in Our Time](#).

What follows are a few excerpts from chapter 20, of that book.

“The powers of financial capitalism had another far-reaching aim, nothing less than to create a world system of financial control in private hands able to dominate the political system of each country and the economy of the world as a whole”

“This system was to be controlled in a feudalist fashion by the central banks of the world acting in concert, by secret agreements arrived at in frequent private meetings and conferences”

“The apex of the system was to be the Bank for International Settlements in Basel, Switzerland, a private bank owned and controlled by the world's central banks which were themselves private corporations”

“Each central bank, sought to dominate its government by its ability to control Treasury loans, to manipulate foreign exchanges, to influence the level of economic activity in the country, and to influence cooperative politicians by subsequent economic rewards in the business world”

“In each country the power of the central bank rested largely on its control of credit [debt] and the money supply”

“The Bank for International Settlements or B.I.S. for short, as a private institution was owned by the seven chief central banks and was operated by the heads of these, who together formed its governing board” End of quote.

Friends, the B.I.S. is generally regarded as the apex of the structure of financial capitalism whose remote origins go back to the creation of the Bank of England in 1694 and the Bank of France in 1803.

It's interesting to note, that President Bill Clinton, in his first inaugural speech, specifically mentioned Prof. Quigley, as his personal mentor, testifying to the fact that those who are chosen to run our country, are all part of the system.

In fact, the last Presidential candidate from a major political party that was not part of the system was Barry Goldwater, who was the republican nominee in the 1964 election.

If you are inclined to think, as I do, that God has His hand in our countries major affairs, then the name Goldwater, might be thought of as “good or pure spirit” Suggesting that after Kennedy's assassination, that 1964 election was our nations fork in the road. And of course the rest is history. But I digress.

This underlying power structure running the world, has in fact, been well entrenched in our country for over 100 years.

Evidence of this is made clear from a quote by -President Woodrow Wilson, 1913. In which he said;

"Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of something"

"They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it."

Friends, that statement was made in 1913, in the year the Federal Reserve and the Federal income tax came into being. Just imagine how much more control, these people have gained over the past 100 years.

David Rockefeller, in his own autobiography states the following;

"Some people believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as internationalists and of conspiring with others around the world to build a more integrated global political and economic structure- one world, if you will. If that's the charge, I stand guilty and I am proud of it" - Rockefellers book "Memoirs"

And one more quote to drive this important point home. This one is from former Congressman Larry McDonald, who was killed shortly after making the following public statement.

"The drive of the Rockefellers and their allies is to create a one-world government, combining capitalism and communism under the same tent, all under their control.

Do I mean conspiracy? Yes, I do. I am convinced there is such a plot, international in scope, generations old in planning, and incredibly evil in intent"

Interestingly, Congressman McDonald was killed when a Korean Airlines jet was shot down by the Soviet Union in 1976.

Friends, we have to look no further then the back of a one dollar bill, to find evidence of this satanic power running the world.

It is a power set up in pyramid fashion, with satan, the god of this world and those who worship him directly, at the top.

Brethren, we must get our minds around just how big and all pervasive this matrix, of Babylon the Great really is. And there power of control, is principally through the worlds financial system.

This financial control will climax with the implementation of the mark of the beast in the future, when all mankind will be controlled through commerce, through the use of the mark of the beast.

Thus their influence as President Wilson mentions is all pervasive. In every facet of life that we interact with, be it the educational system, the courts, the news media, the music and movie industries, modern agriculture and healthcare.

Anything and everything in this world, including all the false religions are ultimately controlled by a small number of families.

Certain sources suggest there are 13 families, that ultimately control Babylon the Great. These all powerful people, the super elite as they are called, have a vision and a goal, of a world government completely controlled by them.

Why is this so, we might ask? How is it that this global conspiracy has been developing for hundreds of years? As Prof. Quigley suggests, from at least the end of the 15th century.

Because Satan has influenced and empowered these 13 families for hundreds of years. And these people have been deceived by Satan to believe, that their 13 bloodlines, can be traced all the way back to Cain.

They believe, and let me stress, that this is their belief, that Cain was fathered by the serpent, and therefore they are different than normal human beings. They believe that they are superior, and thus it is their duty to gain complete control of the world.

And they believe, that is why Cain killed Abel, and was banished from the rest of humanity. I know it sounds crazy, and is not biblically based, but nevertheless, they are deceived by Satan, and so this is what they believe, And this is what drives them.

This is what is driving the fulfillment of Babylon the Great, and why their plan, as is enshrined in the Georgian Guidestone, as Charles mentioned last week, is to kill the vast majority of humanity.

They believe that we are all an inferior race, and thus must be eliminated, so that their race can inherit the world.

And that is why blood lineage is so important to them. I'll have more to say about that a bit later.

Understanding then, that these ruling elites are truly Satanists, helps in understanding why they are so involved in numerology.

This is something that was brought to light last year, in the now infamous speech given by the IMF Chairperson Christine Lagarde.

On January 15th of last year, Ms. Lagarde gave a speech to the Press Club in Washington. A normal enough event for someone as powerful as the Managing Director of the International Monetary Fund (IMF), but what wasn't so ordinary was the strange way she began that speech.

After wishing everybody a belated Happy New Year, she strayed into the territory of the lunar new year before launching into a weird set of references to numerology and what she referred to as the 'magic number' 7.

By implication, this took her into the occult. She said;

- “Now I’m going to test your numerology skills by asking you to think about the magic seven”  
“Most of you will know that seven is quite a number
- “2014, you drop the zero, fourteen, two times, seven”
  - “It will mark the 70th anniversary, 70th anniversary, drop the zero, seven, of the Bretton Woods Conference that actually gave birth to the IMF” ( $7 + 0 = 7$ )
  - “And it will be the 25th anniversary of the fall of the Berlin wall, 25th..” ( $2 + 5 = 7$ )
  - “It will also mark the 7th anniversary of the financial market jitters”
  - “After those seven miserable years, weak and fragile”
  - “We have seven strong years”
  - “Now I don’t know if the G7 will have anything to do with it” (G is also the 7th letter of the alphabet)

Friends, As we can see, the people that are pulling the strings behind the scenes are quite enamored by numbers.

She goes on to say;

- “So if we think about 2014”
- “2014, you drop the zero, fourteen, two times, seven”
- “So 2014 will be a milestone and hopefully a magic year in many respects”

So Ms. Lagarde suggested that 2014 would be a magical year, how so? Various websites have pointed out, that 2014 was the preparation year, setting the stage for what is to come.

One website sums up 2014 as follows;

The outgoing 2014 is destined, apparently, to go down in the annals of history as a special year given its share of iconic dates (note, for example, 100 years since WWI and 75 years since WWII, 25 years since the fall of the Berlin Wall), and due to abundance of events having worldwide significance.

Today mankind is on the verge of epoch changes in its history, which will determine the course of the world development for decades to come. 2014 was a turning point in international relations, sharply denoting the main trend of our time

- the reconfiguration of the entire world system, reformatting of global structures, the shift from a unipolar to a polycentric world And the contours of this world are now visible.

On the surface, these processes take the form of a deep civilizational and geopolitical fault line.

There is a weakening of the position of the United States and the West in general as the center of gravity of the world. Many European political scientists and world known academics speak explicitly about the decline of the Western civilization.

The outgoing year marked the emergence of China as an economic leader (China surpassed the United States in its purchasing power parity in 2014).

Over the course of the last several years, a new world monetary system has quietly been set up, this process greatly accelerated in 2014. It will shift the global power center from the West to the East, which will soon completely kill the US dollar, which is currently, the world’s reserve currency.

23 countries, which include Russia, China, India, and even Germany, and France, (60% of the world's GDP) are setting up swap lines which completely bypass the dollar and SWIFT, which is the dollar-based worldwide financial transaction system.

Once the new system is in place, the US dollar won't be needed in these countries and a new reserve currency will come into being. All those dollars in foreign accounts will come home, which will annihilate the United States monetary system. End of article.

Another article states; "The process of undermining the US dollar is well on schedule; more than 140 countries, as of Dec. 2014 having decided that the dollar no longer works for them, joining Russia, China and other BRICS nations in leaving the dollar based system"

Friends, so we see, behind the scenes, the stage is being set for a complete destruction of the current world monetary system. All of which is being carefully engineered, for the time when the plug is finally pulled, and the world monetary system which is dollar based is completely abandoned.

So in a biblical sense, we are seeing the rising of the "Time of the Gentiles" in which global influence shifts from the West to the East. Which is also the prophesied "braking the pride of Israel's power" Lev. 26.19, which I believe refers to the US dollar based world system.

In Deut. 28. 43- 45 God states 43 "The alien who is among you shall rise higher and higher above you, and you shall come down lower and lower.

44 He shall lend to you, but you shall not lend to him; he shall be the head, and you shall be the tail.

Friends, as I'm sure you are all aware, America is now the largest debtor nation in the history of the world.

45 "Moreover all these curses shall come upon you and pursue and overtake you, until you are destroyed, because you did not obey the voice of the Lord your God, to keep His commandments and His statutes which He commanded you.

America, which has been the leading nation in the world, the head, will suddenly become the tail, when the dollar is abandoned.

Leading credence to the fact that this is all being carefully orchestrated, by the global establishment, is brought to light, by a feature article in the Economist magazine, which is a Rothchild Publication.

In 1988, The Economist ran an article titled, "Get Ready for the Phoenix" On the cover was a picture of a bird, the mythical Phoenix rising out of the ashes of the different burning paper currencies of the world. And around it's neck was a gold coin with the 2018 date.

I will try to include a picture of the Economist cover in the forthcoming transcript.

## Get ready for a world currency

The article stated “THIRTY years from now, Americans, Japanese, Europeans, and people in many other rich countries and some relatively poor ones will probably be paying for their shopping with the same currency.

Prices will be quoted not in dollars, yen or D-marks but in, let’s say, the phoenix.

The article further stated that, “The market crash [of 1987] taught [governments] that the pretense of policy cooperation can be worse than nothing, and that until real co-operation is feasible (ie, until governments surrender their economic sovereignty) further attempts to peg currencies will flounder.”

Amazingly the article states that, “Several more big exchange-rate upsets, will be needed before politicians are willing to face squarely up to that choice.

And brethren, this last week, the world witnessed one of the biggest exchange rate upsets in modern history. The Swiss just suddenly without and warning, dropped the Euro peg.

This is from CNBC; The Swiss National Bank (SNB) stunned markets on Thursday, when it scrapped its three-year-old peg of 1.20 Swiss francs per euro.

In a chaotic few minutes after the central bank's announcement, the Swiss franc soared by around 30 percent in value [against the euro](#).

One European market analyst described trading after the unexpected announcement as "carnage" adding it's not every day that a central bank pulls the rug out from underneath something in such a massive way, and clearly people are worried that there's something bigger afoot."

So by mentioning the idea that a few more quote “currency upsets” would be necessary, the article is clearly hinting that a few more stock market crashes and probably a slump or two, will be needed to set the stage for the Global currency to arrive. Friends, that was written in 1988. So what has occurred since then?

Let’s pause for a moment and relate back to Christine Lagarde’s comments regarding the magic number 7.

This article specifically mentions the 1987 stock market crash. Lets add 7 years to that.

We come to 1994, which was the year that the bond market suffered a very sharp and sudden selloff that started in the U.S. and Japan and then spread more or less across all developed markets, around the world.

That was followed 7 years later, by the Dot-Com bust, followed by the events of 911, 2001. Which in turn was followed 7 years later by the housing and stock market crash of 2008.

So if we add another 7 years, we come to this year 2015, as the date of what could quite possible be the final nail in the coffin, of the current global monetary system.

Which in turn would set the stage for 2018, and the planned implementation of the new global currency system, just as the Economist magazine article predicted.

It's interesting that various people have pointed out that this 7 year cycle could very well be the 7 year sabbatical cycle as well. Referencing the fact, that God is allowing the curses of the braking of His law, to be inflicted on His people, and all the world for that matter.

Recall what God states repeatedly in Lev. 26, that He would punish Israel 7 times for it's sins. And as we know the word times, can mean years in scripture.

Further, let me suggest that the recurring cycles seem to be increasing in magnitude and intensity, in there impact on the lives of Americans. With many Americans losing both homes and full time employment in the aftermath of 2008.

There are now over 90 million Americans, one 1/3 of the countries population, out of the labor force, and over 50 million rely on some sort of government assistance.

Getting back to the Phoenix article. It stated that, "The phoenix zone would impose tight constraints on national governments.

There would be no such thing, for instance, as a national monetary policy. The world currency supply would be fixed by a new world central bank.

The author admits that, "This means a big loss of economic sovereignty. And as a famous Rothschild banker once said, "Give me control of a nation's money and I care not who makes it's laws"

The article concludes by saying "Pencil in the phoenix for around 2018, and welcome it when it comes."

Friends, we must understand the illuminati mantra, "Order out of Chaos" It's also referred to as the Hegelian Dialect, after the philosopher George Hegel who wrote about its effectiveness.

Simply stated as PROBLEM -- REACTION -- SOLUTION in that first you create the problem; then secondly you fan the flames to get a reaction; then thirdly you provide a solution.

The solution being what you were wanting to achieve in the first place, but wouldn't have been able to achieve under normal circumstances.

This is graphically depicted on the cover of the Jan 1988 Economist, with the Phoenix rising out of the ashes of the worlds burning currencies, as well as the suggestion in the article that several more economic crashes, such as that of 2008, would be needed to achieve there goal.

Henry Kissinger made mention of this planned agenda as well, in a 1991 speech at a Bilderberger Conference, in France. He said;

"Today, America would be outraged if U.N. troops entered Los Angeles to restore order [referring to the 1991 LA Riot]. Tomorrow they will be grateful!

This is especially true if they were told that there were an outside threat from beyond, whether real or promulgated, that threatened our very existence.

It is then that all peoples of the world will plead to deliver them from this evil. The one thing every man fears is the unknown. When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well-being granted to them by the World Government."

Friends, as you can discern from the many quotes I'm sharing with you today, our country and all the world for that matter, is indeed a captured operation. Babylon the Great is in fact fully formed, just waiting for the man of sin to be revealed. I'll have some thoughts on that a bit later.

First, I'd like to focus for a few minutes on the international governing bodies that are at the heart of Babylon the Great.

Let me propose the question, where on earth, might we find the headquarters of this Beast power? Some might say Rome, or even New York.

Let me suggest, that the demonic headquarters of the NWO is a one square mile sovereign state known simply as "The City" which is located in the heart of London.

The following description is from the City of London's own website. The opening paragraph reads:

The City of London is the historic heart of London. This area was already a bustling trading post almost 2000 years ago, when it was part of the Roman Empire.

Many of the irregular streets still follow the ancient Roman roads. The boundaries of the City, also loosely follows the path of the Roman wall that was built here in the 2nd century AD.

Another website, called the Wealth Watchman gives the following description;

From the early 1600's, a dark power started to take shape in the Olde World. The current HQ of this dark power had existed for centuries, throughout the Middle Ages, but didn't really take form until the 1600's. This is the time period, in which this terrible beast, went from embryonic stage, to full-blown Monster.

For this Western banking power, for centuries, became the Dragon they are, by staking out a sanctuary in this fortified, cancerous enclave in the City of London.

It is, most certainly, a place where a deadly Banking Dragon dwells, the looter of free nations, and bane of humanity.

The spree of crime committed by the financial powers there (for the last 400 years, in particular), have no match in recorded history (although Wall Street and D.C. have been quickly trying to close the gap).

Now a distinction must be made. This is not referring too "London, the City", but "the City of London", which are two very different things.

The City of London is a particular patch of land, in the very heart and center of London, and within its incorporated borders, is an entire square mile of corporate and banking institutions. End of quote.

And friends what I find most interesting, is that both the coat of arms, as well as the flag of the sovereign state of "The City", and also the plague, at the entrance to the City, all have imagery of dragons.

In fact, there are 13 large statues of dragons that surround, or we might say symbolically guard, the one square mile territory. Most interesting isn't it.

Recall, I mentioned earlier, that there are claimed to be 13 families, many of which are of the royal European bloodlines, that are the super elite that rule the world. And they are given this power of world rulership, because they are in league with the dragon himself, the god of this world, satan the devil.

Just as is mentioned in Luke chapter 4.

In the Book of Revelation, as well as in the Book of Daniel we find prophetic imagery of this worldwide all encompassing system. In Daniel chapter 2, this world ruling system is described in the form of a great statue depicting a timeline from ancient Babylon down to today.

In this imagery, we come to understand that the Babylonian system was carried down through time, and eventually became part of the Roman system as well.

With the final world ruling form, being depicted by the 10 toes, separated into 2 legs, which we might call East and West.

And so, I find it most interesting that the City of London, claims to have it's roots, dating back to the Roman empire as well.

Moreover, in Rev. 13, we find described this end time system rising out of the sea. Rev. 17 defines the waters, or the sea as peoples, multitudes, nations, and tongues.

In other words, this system comes out of and controls the sea of humanity. Let me suggest that this is an apt description of the United Nations, which is the global organization, which is controlled by the same 13 powerful international banking families.

As I have mentioned in past messages, the UN is the umbrella organization of the global government system.

But what I have not to mention in some time, is the fact, that the UN is in reality, an occult organization.

There is a room in the UN called the mediation room, which is also referred too as the Temple in the UN. The designer of this room, who was the second UN Secretary General, said this at the rooms dedication;

“the stone in the middle of the room has more to tell us. We may see it as an altar, empty not because there is no God, not because it is an altar to an unknown god, but because it is dedicated to the God whom man worships under many names and in many forms”

“The spirituality promoted in the United Nations Meditation Room is the same as is promoted by many of the UN's influences: the coming of a Universal Christ to satisfy all religions” End of quote.

So the UN by the own admission, is promoting the concept of a “Universal Christ to satisfy all religions”

Interestingly, this altar, situated in the middle of the meditation room, is a six-and-half-ton rectangular block of iron ore, polished on the top and illuminated from above by a single spotlight. Friends, 6 1/2 tons, is 13,000 pounds. Again, drop the zeros, we again have the number 13.

The main features of the Meditation Room are its trapezoidal shape, its lighting, and its decoration: a mural with various triangle and trapezoidal shapes, and the large 13,000 pound block of iron.

The trapezoid is of interest because of its dark spiritual connections.

"Anton LaVey, the founder of the Church of Satan, refers to an occult principle known as the 'law of the Trapezoid'" in that, "the middle order of the satanic brotherhood is called 'The Order of the Trapezoid.'"

So we see, indeed, the UN is an occult organization.

And friends, there is something else that I recently discovered regarding the founding of the United Nations. The land on which the UN building in New York was built, was donated by David Rockefeller.

That property was formerly, the location of a very large slaughter house complex, where millions of animals were killed and processed for market.

In fact, the satan inspired UN Meditation Room, as well as the General Assembly hall were built directly on top of a piece of ground, which was formally known as "Blood Alley"

Apparently the blood from the hundreds of thousands of animal slaughtered yearly, flowed down this alley into the East River.

Secretary General Ban Ki-Moon formally recognized this fact in a speech he give in April of 2013, in which he said; "It is hard to imagine now that this beautiful "workshop for peace" sits on the site of a former slaughter house.

So many livestock were killed here, this area used to be called "blood alley"

And let me add, that blood alley, is a fit location, for an organization that supports eugenics, and supports the thesis, that the worlds population should be culled to a more manageable 500 million.

OK, so now that we have a pretty good indication of where the heart of this evil empire, Babylon the Great is situated. Emanating from the City of London and New York, with the religious aspect centered in Vatican City, as well.

So we have 3 primary locations, being the centers of economic, political and religious power respectively.

And so my friends, if we are close to the end of this age, and 2018 is the date set for the formation of a one world currency system, then do we have any indication, of who might be the "one" The man that is to become the Beast, ruling over the end time world government.

It stands to reason, that if we are so close to the final revealing of things, that this man must be waiting in the wings some place.

Let me conclude this message today, with whom I believe to be the "one"

First let me just reiterate the point, that bloodlines are very important to these people. And that because they are all occultists, they have an affinity for prime numbers.

Recall the quotes from Christine Lagarde, about the magic number 7. And also the number 13. Think of 911, which added together, equals 13. Or 2018, the predicted year of the Phoenix, which adds up to number 11.

Also recall that Ms Lagarde excluded the zero in her calculations. Several times she stated, drop the zero, in her reference to times and dates.

So I'm going to go out on a bit of a limb, and suggest that Prince William is the man that will soon take on the role, as the man of sin. Why Prince William? Let me build my case.

Article from the UK Guardian June 2008.

Of all the medals, orders and honorary decorations he will receive in his lifetime (and there will be plenty), Prince William will never be awarded anything quite like the extraordinary regalia he will wear on Monday.

In fact, with a black ostrich-plumed hat, a red hood, a blue velvet cloak lined with white satin, a silver star, a priceless miniature of St George and the Dragon dangling from a chain of solid gold and a garter strapped just below his left knee, it will probably be the biggest dressing-up exercise this side of his own coronation.

But, behind all the flummery, there will be a very serious point to Monday's event.

The Prince will become a knight. And he will not be receiving any old knighthood, either.

The second in line to the throne will be formally invested as a 'Royal Knight Companion of the Most Noble Order of the Garter'.

What's more, he will become the 1,000th knight of the Garter since Edward III appointed the Black Prince as the first one in 1348.

Monday's ritual will be an important and ancient royal rite of passage.

Prince William will join a 660-year-old club which goes to the heart of the English national identity and owes its origins to both King Arthur and St George.

The article goes on to say;

'It's extraordinary that the order has existed since 1348 and that Prince William is only the 1,000th member,' says Lord Butler, adding that all the knights feel 'a special sense of obligation' to the Sovereign.

A couple of observations from this article. Note that Prince William is the 1000th knight. And not just any order of knights, but a special order, which began with the appointment of the Black Prince, in which he is coronated with a golden dragon around his neck.

Heres another article, this one heralding his birth.

At precisely 9:03pm, on June 21st, 1982, Princess Diana of Wales gave birth to PRINCE WILLIAM ARTHUR PHILIP LOUIS WINDSOR and England was given its future King. He was born during a Solar Eclipse.

On the eve of his birth, Druids, Witches, and Satanists from all over the world celebrated at pagan sites throughout Scotland, England, and Wales.

The celebration and occult worship designated this longest day of the year - the summer solstice.

Prince William's birth was not only accompanied by a Solar Eclipse but also by an even rarer Lunar Eclipse and by strange alignments of the stars and planets.

As foretold by the eclipses, the name 'Diana' was given to the ancient Moon Goddess who gave birth to the Sun.

The ancient Druids had already prophesied that some time in the future on June 21st, their Sun King would be born of a Princess.

I find all of this quite interesting, Princess Diana , the name of the ancient Roman moon goddess, gives birth to Prince William on the night of both a solar and lunar eclipse. All this may seem like just coincidence, but to occultists this was extra special.

In his book "Antichrist and a Cup of Tea", author Tim Cohen details the British Monarchy's centuries-long conspiracy to create a New World Order through one of the world's most powerful organizations - the Order of the Garter.

Mr. Cohen writes "Founded in 1348, the Order has continued down through the Knights Templar, to Scottish Rite Freemasonry.

It is the parent organization over Freemasonry worldwide. When a Mason receives his 33rd Degree, he swears allegiance to the Order of the Garter. This medieval British Order with its ceremonial magic and occult symbolism is a precursor to the coming establishment of the New World Order "Round Table".

"On April 23rd, 2008, Prince William whose second name is 'Arthur', became its 1,000th member of the Order of the Garter. As in Arthurian legend, the Knights of the Order of the Garter fully expect to serve as the Knights of the 'Circle of the Round Table' when William-Arthur is established as Divine King and world ruler" End of quote.

So according to this historian, this elite group thinks it's destiny entails world rulership, and that Prince William will be there leader at the head of the new world government round table system.

So one might ask, if these elitists envision there world government system organized in similar fashion to King Arthur and his round table, one might ask how many people sat at Arthurs round table?

Well what I found most interesting, is that according to the website "King Arthur and the Knights of the Round Table", the precise number is 13. link-  
<http://www.kingarthursknights.com/knights/default.asp>

Isn't it interesting how this number 13 keeps popping up.

Recall I mentioned that these elite families have an affinity with bloodlines. The European Royal families have incessantly intermarried down through the centuries, and some sources suggest that Prince William is the first and only person born with the bloodlines of all 13 families, flowing through his veins.

Now whether this is true or not, is unimportant, what is important is that these elitists believe it to be true. So again he would be there perfect fit as head of the new round table, since would be related to all of them.

The website also states that “the Red Dragon worn around the necks of King Arthurs knights represented their allegiance to the King. My question would be what king is it referring too?

Prince William is also the 1000th knight of this dark order. Why was Prince William, selected for this specific distinction?

Because having been born during the summer solstice, as well as both a solar and lunar eclipse, signify to these people that he is to be there “chosen one”

Again consider Christine Lagardes formula, drop the zero’s, which makes Prince William not the 1000th knight, but rather the “one” knight, following in and fulfilling the order from the original Black Prince.

Prince William will be 33 years old this June 21st, 2015. 33 is another important occult number. It is the highest degree in Freemasonry.

And it also signifies something else. Their thinking goes that Christ died at age 33, and so likewise this end time prince, or King will arise after age 33, as the true world savior.

Recall what I quoted earlier regarding the dedication of the UN meditation room. The room was dedicated to the coming of a Universal Christ to satisfy all religions”

Friends, only time will tell, whether these things I have shared with you today, regarding Prince William will come to pass.

If they are indeed correct, than after the mid point of this year we should start to see a lot more press coverage about Prince William.

Now I’m not suggesting that He will immediately emerge in the role of the end time man of sin.

As I covered with all of you in a previous message, I believe Daniel’s 70th week does not begin until 2018, being 70 years from the reestablishment of the Jewish nation.

But that final week, may indeed be 7 years in length, beginning in 2018. Therefore, I believe 2018 will be the year of the Universal Christ, as the UN calls him, will rise to power.

In the mean time, this information is given as a plausible scenario, and one that I believe is worth being watchful of, as the end of the age unfolds.

In the mean time, let’s be about our Father’s business, making full use of our time, to come out of Babylon. As well as to prepare for what very well might be a very chaotic year, as God’s 7 year cycle comes around again, which we should not forget, will be highlighted by two more Blood Moons.
